

Become a Supporter!

Buying local means

- Freedom of choice for your family's health & nutrition
- Exceptionally fresh, delicious and abundant food
- Supporting endangered family farms & strengthening local economies
- Protecting open space & farmland

There is tremendous comfort in knowing where your food comes from. Now is the time to take an active role in protecting the future of our food while supporting West Virginia farms and farming!

Through our web site, e-newsletter, future Local Food/Dining Guide, support for local Farmers Markets and various other educational and fun activities, *Buy Fresh Buy Local® West Virginia* wants to continue to improve access to great local food, but we need your support.

This summer we are kicking off our 2009 drive to get supporters from across the state.

We are asking you to support the *Buy Fresh Buy Local® West Virginia (BFBLWV) Chapter*. Below you will find a Supporter form with various categories. Please fill it out, enclose a check at the level you feel is right for you and become an advocate for local foods. By joining, you become a part of the network of people who care about where their food comes from. Thank you in advance for your interest and support!
